Floor Plan & Spatial Layout	07
Furniture, Fixtures & Equipment (FF&E)	08
Custom Millwork & Architectural Details	09
Room-by-Room Renderings	10
Investment Summary & Implementation Schedule	11

Project Cover & Pitch Snapshot

Project Name

Placeholder for the client pitch header

Client and Design Studio Details

Client Name, Design Studio, and Location fields for context and credibility

Date and Positioning Statement

Date field plus a short one-line positioning statement for the proposal intent

Design Concept & Vision Narrative

Project Mood

Project mood placeholder describing the emotional tone and daily experience

Aesthetic Direction

Aesthetic direction placeholder defining the design language and level of contrast

Core Inspiration

Core inspiration placeholder linking lifestyle cues to the spatial concept

Material & Texture Palette

Fabrics Swatch Placeholders

Fabrics swatch placeholders with weave or finish notes for tactility

Woods and Stones Swatch Placeholders

Woods and stones swatch placeholders showing grain, veining, and sheen range

Metals Swatch Placeholders

Metals swatch placeholders specifying tone, oxidation level, and hardware pairing

Color Story & Paint Schemes

Primary Color Swatch Set

Primary color swatch set with finish codes (e.g., matte, eggshell, satin) placeholder

Secondary Color Swatch Set

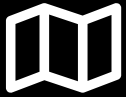

Secondary color swatch set balancing warm neutrals and depth with finish codes

Accent Color Swatch Set

Accent color swatch set for champagne gold moments with sheen guidance placeholders

Floor Plan & Spatial Layout

Annotated Floor Plan

Annotated floor plan placeholder with traffic flow arrows and circulation logic

Zoning Overlay

Zoning overlay placeholder mapping public, transition, and private areas

Key Sightline Callout

Key sightline callout placeholder showing where focal moments land

Furniture, Fixtures & Equipment (FF&E)

Product Photo Grid

Product photo grid placeholder for sofas, dining, beds, and statement pieces

Specification Callouts

Specification callouts placeholder covering dimensions, finishes, and lead-time notes

Placement Guidance

Placement guidance placeholder showing how each item supports the zoning plan

Custom Millwork & Architectural Details

Elevation Sketch Placeholders

Elevation sketch placeholders for built-ins, wall panels, and casework lines

Detail Callout Frames Placeholders

Detail callout frames placeholders for joinery, trim profiles, and reveal depths

Material Pairing Notes Placeholder

Material pairing notes placeholder aligning millwork finishes with the palette

Room-by-Room Renderings

3D Perspective Rendering Placeholders

3D perspective rendering placeholders for priority rooms with matching camera angles

Lighting Mood Callout Placeholder

Lighting mood callout placeholder describing warmth, contrast, and highlight behavior

Styling Layer Notes Placeholder

Styling layer notes placeholder for textiles, art scale, and finishing touches

Investment Summary & Implementation Schedule

Procurement Budget by Categories

Procurement budget placeholder organized by categories (materials, FF&E, millwork, lighting)

Lead-Time Summary for Key Items

Lead-time summary placeholders for key custom items and vendor dependencies

Installation Timeline and Milestones

Installation timeline placeholder with procurement-to-install sequencing and key milestones
